WE'RE IN THE PRINTING BUSINESS

Two weeks ago we published an editorial explaining our criticism of the City Commission Council for their action in spending local taxpayers' money out of town, when the same purchases might have been made right here in Bay St. Louis. Even though it may cost a few dollars more it would be far better to keep the tax money in circulation among the people who pay it into the City treasury.

We did not receive a direct answer to our editorial from the parties concerned, but last week read an answer in another local paper, which does NOT state the facts correctly. The article stated that the City tax receipts could not be handled here in Bay St. Louis. That is NOT TRUE, because the tax receipts for the Hancock County Sheriff's office have always been printed in Bay St. Louis, and that order is about ten times as large as the City order. It also stated that local bids were 75 per cent higher than out-of-town bids—that, too is NOT TRUE.

This article also states, and we quote, "The real gripe is because the City Commission put a crimp in the gambling and in the wholesale graft and corruption that had sapped the life blood of our city for lo—these many years."

We want everyone to know that this newspaper is NOT NOW, AND NEVER WAS, IN THE GAMBLING BUSINESS—we are in the printing business, and we defy anyone to prove otherwise. As for the liquor question, we know nothing of that either, and we are NOT IN THAT BUSINESS EITHER.

About the recent election—yes, we voted "wet" and we are not denying that. We did so because we believe that is what the people of this section of the state want, and we believe in giving the people what they want.

As for what the City Commission is doing—well, we are not from Missouri, but we still want to be shown what is being done with our tax money, and so far we've seen very little.

LADNER EXPECTS 225,000 TO VOTE IN STATE NOVEMBER 4

JACKSON—Some 225,000 Mississippians will vote on Nov. 4, according to secretary of State Heber Ladner. "They just don't come out for general elections," he said, recalling the "red hot issue in 1948 when the States Rights versus the Truman administration fight flared" with only 193,000 votes.

Officials generally place the total registration for the state at 600,000 but there is no state agency that has an official total.

The largest vote cast in Mississippi was during the 1951 gubernatorial

election when 407,774 ballots were marked. Oct. 20, Ladner said, is the deadline for qualifying states of electors to appear on the ballot.

The white Republican group qualified its list of eight electors yesterday. The Democrats for Eisenhower qualified an independent group earlier. The State Democratic party has not certified its group.

Two new woodworking industries soon will open on Highway 12 just west of Starkville. The Chickasaw Wood Products Co. will manufacture platform pallets from hardwood. These pallets are used in warehouses and in moving freight on loading platforms. The other firm is the Sherwood Manufacturing Co.

MARY LYNN RAYMOND BECOMES BRIDE OF JAMES IVAN ANSLEY

A wedding ceremony witnessed in secret, though small, was that of Miss Mary Lynn Raymond, daughter of Mr. and Mrs. Luther Raymond, and Mr. James Ivan Ansley, son of Mr. and Mrs. Luther Ansley, who were married Saturday, October 4, at a Nuptial Mass at Our Lady of the Gulf Catholic church at nine in the morning. The Rev. Monsignor A. J. Gmelch officiating.

The bride, given in marriage by her father, entered with him to the strains of Schubert's Bridal Chorus played by Professor John Hammonsbach.

She wore a princess coat of heavy rayon bengaline of ivory shade with a liling skirt. The strapless gown it covered was a wave of nylon net cinched with bengaline. She wore a small navy hat and navy shoes. She carried a crescent shaped bouquet of white carnations tied with light blue ribbon.

Miss Dorothy Garcia, the bride's only attendant, wore a dress of nylon net in the aqua shade over matching tulle. The top skirt was of small tiers of tiny ruffles banded on each edge. The bodice also was made of tiny ruffles banded with satin. Her hat and shoes were of gray shade.

Mr. Ansley had as his best man his brother Staple Ansley. During the ceremony Mr. Scott Assenheimer sang

"Are You" and "There's a Song." Following the church ceremony, a wedding breakfast was held for the newlyweds at the home of the bride's parents. The large, tiered wedding cake was cut on their return. They will make their home in Bay St. Louis, where Mr. Ansley is a member of the Western Ansley company.

DOCTORS TOLD OF NEW EARS MADE FROM CARTILAGE

CHICAGO—New ears made from human cartilage were described today to the International College of Surgeons.

The ear is fashioned around a piece of cartilage, shaped like a half-moon, taken from a joint in the knee. It supplies a natural half-moon shape for the ear.

The knee cartilage is obtained from knees lost through amputations, or taken during surgery to fix "trick" knees.

The cartilage is quick-frozen and kept in a bone bank until the plastic surgeon needs it to build a new ear to replace one lost by accident, or to give ears to children born without them.

Skin is grafted around the cartilage to form the artificial ear. The cartilage supplies a soft, flexible normal-feeling ear, said Dr. Leslie H. Beckus, University of Buffalo Medical School.

New ears also can be made from things like ivory, rubber or plastic.

MANY MORE MILLIONS INVESTED IN GAS SERVICE

Dependable natural gas service doesn't just happen. It takes a lot of manpower, and a lot of money, to keep a supply of gas at your burner tips, ready for use at any time you need it.

During 1951 and 1952 our company has invested many millions of dollars in the construction of some 1700 miles of pipe lines, eight new or enlarged compressor stations, eleven dehydration plants and other facilities. To be sure our customers, both present and future, will have dependable supplies of this world's finest fuel. We think you will agree the growth of the progressive natural gas industry has had an important part in the progress of the Gulf South.

MISS KATHARINE SMITH IS MARRIED TO JOSEPH GLOVER

A wedding ceremony witnessed in secret, though small, was that of Miss Katharine Smith, daughter of Mr. and Mrs. Joseph Smith, and Mr. Joseph Glover, son of Mr. and Mrs. Harry Cyril Glover, who were married Saturday, September 20, at 5:30 in the St. Joseph's Catholic Church in Macomb.

The wedding was celebrated at the evening. The altar flowers were giant chrysanthemums, and the altar was flanked by four candelabra.

The bride, given in marriage by her father, was dressed in a dress of white satin with a full skirt which fell in a flowing train and the bodice of satin had a bertha of rose point lace under a satin Peter Pan collar. Her veil was of rose point lace over illusion and was held in place by small specks of orange blossoms. Her flowers were white orchids arranged in cascade effect surrounded by showers of white stock flowers.

CELEBRATES 6th BIRTHDAY
Pretty little Aggie Bourgeois, daughter of Mr. and Mrs. Sidney Bourgeois, celebrated her sixth birthday Monday when she and her school mates had a party in the schoolroom of the Waveland School where Aggie is pupil this year. Halloween decorations prevailed and the young guests enjoyed ice cream and cake.
About twenty-four of this young Miss' friends helped her celebrate this gala occasion. Young Stanley Wiedman, who is too young to be in school, was the only outside guest.

MAYOR LADNER HOME AGAIN
Mayor Garfield Ladner is home again after being hospitalized for a heart condition. News came to Mayor Ladner and his wife this week that their son, Burt, 19, who has been in Korea for three months was wounded on September 29. This day also marked the date that ended Burt's three-month period in this area. The Ladners have the hopes and prayers of their many friends that the next report on Burt's condition will be good news.
Mr. and Mrs. Charles Macaluso and their niece, Eileen Ciesi, entertained the Sacca family of New Orleans over the week end.
Mr. and Mrs. George Jones who are residing in the Hebert Cottage in Aiken Road have returned from Chicago where they visited Mrs. Jones mother.
Mr. and Mrs. F. A. Wheeler and daughter, Alice, have purchased the Alba house on Oak Boulevard and plan to reside in Waveland permanently.
Mr. and Mrs. Morris Bourgeois were with the Alfred Bourgeois family over the weekend.
Mrs. R. C. Morel is recuperating at Hotel Dieu after surgery.
Mr. and Mrs. August Hillman spent several days in New Orleans visiting their son and daughter-in-law, Mr. and Mrs. Robert Labry and children.
Mr. and Mrs. Wm Carr have returned from New Orleans where they were with their daughter, Mrs. O. A. Kempf, who has been ill.
Mrs. Josie Rooney spent a few days

Church services are being held on Sundays at 9 a. m. and 6 p. m. and also on Wednesday evenings at 7:30. You are cordially invited to attend these meetings at the home of Mr. and Mrs. Travis Roseman. Brother Robert McNamee, of the Lakeshore Baptist Church, is presiding.
QUITE QUIET?
We suspect that Rev. Costello has been told about the new church signs that have been posted along the church's property on Beach Boulevard. If silence is to be requested of motorists passing this area, shouldn't the signs read "Quiet Church" instead of "Quite Church" as they now do? Guess nobody but a school teacher would notice this, but it has created a little bit of discussion around these parts.

CELEBRATES 6th BIRTHDAY
Remember Carolyn Al Theroit of the G. Police Department and Editor of "Our Beat" remember how ill he was and his life almost ended. Well, he took some of the physical with him during his illness on a fishing trip last week, and if you were fortunate enough to see the picture in the States of their catch of 123 fish and the picture of his wife and himself, you would really feel happy to know that he is the same "Al" once again.
Mr. and Mrs. V. J. Main and grandson Bobby Cator have been visiting in Covington, La.
Sunday guests of Mr. and Mrs. Ed Gipson were Mr. and Mrs. J. R. Quaid, Mr. and Mrs. Sam Collins, Mr. and Mrs. Guy Funk, all of New Orleans. On October 6, Mr. and Mrs. Ed Gipson celebrated their thirty-seventh wedding anniversary. This column and many friends wish them many more years of marital bliss. The Gipseys celebrated this auspicious occasion by spending the evening quietly at home.
Mrs. Harriet Roseman and her son were guests of the senior Rosemans over the weekend.
Mr. and Mrs. Norman Hall and Walter James Phillips attended the Santa Clara-Tulane game in New Orleans last Saturday.

A Big Crop Growing in Rural Mississippi

The job of expanding rural telephone service is like making a crop. Both take planning, experience and plenty of time and money. By planting poles, stringing wire and providing new exchange facilities, Southern Bell keeps adding a big new crop of rural telephones in Mississippi. The number of rural telephones is already up from 8335 in 1945 to over 34,000 today. These 7 years of rural expansion and improvement required an investment of more than \$11 million dollars.

Today, better than 100 rural projects are planned or underway in 50 counties of the state. And Southern Bell is now spending over 2 million dollars a year to expand and improve Mississippi's rural telephone service.

This continuing expansion makes every telephone in Mississippi more useful and a bigger value—forges stronger communication links for the prosperity, convenience and security of our state and nation!

LUNCH ROOMS SERVING MORE THAN LAST SESSION

The three lunch rooms in the public schools of Bay St. Louis have been in operation for the last month and are serving more children than they did during the last session. The summary of last year's report for the three lunch rooms is as follows:

Thirty four thousand one hundred five lunches were served in the three lunch rooms. Seven thousand fifty-four free lunches were served children recommended by Welfare and Red Cross as being in need of free lunches. The total operation of the three lunch rooms for the session 51-52 amounted to \$9,616.82. The state paid \$5,740.48 under the state lunch room program. The remainder was paid by students. The rate of 15c per lunch. Children were served 44,105 pints of milk in the three lunch rooms. Each child was given a half pint of milk with each lunch served in the lunch room. The number being served this month indicates that these figures would be much larger for the present session than for the 51-52 session. The purpose of the lunch room program in Mississippi is to provide every school child with an opportunity of having one hot meal each school day at a minimum expense. This accomplishment is made possible by the following:

Ma & Pa Kettle At Fair

At Hi-Way Drive-In Theatre
Sunday, Monday, Tuesday

A total of five writers are listed as responsible for the story and screenplay of this latest Kettle comedy, a fact which goes to disprove the old bromide about too many cooks spoiling the broth. "Ma and Pa Kettle at the Fair" skims from gay to gay, situation to situation in as funny and fast-paced a way as any of its predecessors, maintaining all the while a genuinely high standard of frankly comic cinema.

In the title roles, Margie Main and Percy Kilbride are having money troubles. Lori Nelson, the eldest of their 14 unmarried children, wants to go to college. To finance the venture, the Kettles put all their hope in cash prizes to be won at the County Fair—Ma in the jam and bread-baking contests and Pa in the trotting race.

Confusion is assured when Pa, to get money to buy a horse and sulky, sells shares in all of Ma's future winnings. Other complications include content in the bread flour, a nag that only runs when excited by a rattling sound and a couple of Indian friends who feed the "clement" bread to competing trotting horses.

None of these ingredients will win originality prizes, but, as presented by director Charles Barton, they seem to sparkle with a good humor that's infectious, as Pa remarks about hanging—when he thinks he and Ma are about to be lynched—"it's a lift."

Kilbride, the woolf and wry philosopher, and Miss Main, the sentimental blunderbuss, set a fast pace for the rest of the attractive cast, including Miss Nelson, James Best, her boy friend, and Esther Dale, town busybody.

STATE CATTLEMAN
PLAN CONVENTION
The executive committee of Mississippi Cattleman's Association are making plans for the annual convention to be held in Jackson Jan. 20-21. Justin Doak, executive secretary of the association said two outstanding agricultural speakers have been invited to address the local group. They are William A. Albrecht, one of the nation's leading soil men, of the University of Missouri, and J. C. Holt, president of the Iowa Beef Producers Association.

SENIORS ORDER RINGS
There was much confusion on Oct. 2 when the seniors ordered their class rings. They ordered the Black Knight, a small round ring, either plain or with a spinelle stone. The order was mailed on October 7, and they are hoping to have their rings by Christmas.

Miss Sporno's third grade has a new pupil, Richard Hatten, who formerly attended a Los Angeles, California elementary school.

Larry Gibson from Summerville, Mississippi has joined Miss Lang's fourth grade class.

The pupils of Miss Russ' fifth grade are making cards to be sent overseas on United Nations Day.

Miss Winter's sixth grade class will present a play entitled "A Joke on the Wolf" as their assembly program on Friday morning, October 10, at 8:45. Taking parts in the play are: Jimmy Davis, Charles Byrd, James Carter, Allie Cospolich, Joy Poyadon, Beverly Chindler and Judy Rauxey. Doris Estapa will announce the program.

"The Fact That Thrills" To Play At Star Theatre

Thurs, Fri., Oct. 16-17

Filled with excitement and authentic action, EKO KADU's "The Fact That Thrills" featuring Bill Williams, Carla Helmda, Robert Armstrong, Frank McHugh and Steve Flegg presents on the screen for the first time all the aspects of the national pastime of bicycling as the background for a gripping romance drama.

The story unfolds around Bay a girl climber, who challenges Doris a motorcycle race, then when she considers a reckless attempt, not only Doris, who is designing a revolutionary hydraulic drive for motorcycles, but even Doris's father, Chris, causing him to lose an important race, and thereby forcing his employer out of business.

Many riders well known to motorcycle enthusiasts appear in all the motorcycle field events, including passenger pickup, drag-out, "T.T.", hill climber, and flat track half-mile races; spills, jumps and wheelies and mud rums, as the absorbing story of "The Fact That Thrills" builds up to a super-charged climax. Leon Barsha directed the production by Lewis J. Rachill and DeValon Scott wrote the screenplay from an original story by Robert Lee Johnson.

CONSTRUCTION TO BEGIN
SOON ON GULFPORT
BOTTLE MAKING PLANT

Construction on a new \$500,000 bottle making plant at Gulfport is scheduled to begin in two weeks. The Gulfport Glass Corp., announced plans for the new plant. The unit will furnish about 20 million bottles per year to the Phillips Milk of Magnesia plant at Gulfport. The building will be located at the east side of the magnesia plant and will be a one story L-shaped building constructed of steel.

"KOPIAH" TOMATOES
SAID BLIGHT PROOF

'Kopiah,' a new tomato variety with a long list of desirable qualities, will be available for the 1953 season. Its release has just been announced by Supt. John A. Campbell of the Truck Corps Branch Experiment Station at Crystal Springs. The tomato is said to be such that it is almost entirely immune to wilt or blight, and if the tomato proves what it promises to do, local growers hope that Kopiah County will again become the leading tomato growing area in this part of the South.

RIVER TRAFFIC BOOMING

More traffic is moving on the Mississippi River now than at any time since the days of the steamboats, Brig. Gen. Peter Feringa, President of the Mississippi River Commission stated. Last year, he said, barge lines carried 1,138,000 tons of traffic and freight and the tonnage for the same period this year is higher. Feringa denied oft-repeated reports that the project of levee-building along the Mississippi banks is causing the river to fill in, thereby necessitating higher levees in the future. "We have not had a flood of major proportions since 1927," he said, "and we feel we now have the big stream well under control."
